A discussion about driver eligibility for the President's Safe Driver Club was the first item discussed by the council. It was upheld by the council that an incident that impeded progress of a CMV while in motion although not the drivers fault would be grounds for losing that particular year of eligibility of membership. (See- President's Safe Driver Club Rules- Paragraphs 1 and 4) An example cited was that of a driver whose CMV was struck by debris from another vehicle and while not his fault he correctly did not participate in the 2017 Wisconsin Trick Driving Championship at Waukesha. The same driver then went above and beyond in demonstrating professionalism by assisting/helping with the WTDC event.
