

The 3rd Annual Wisconsin Truck Tech Competition will be held on May 17-18, 2019 at Fox Valley Technical College alongside the Wisconsin Truck Driving Championships. Technician entry fee is \$125, which includes two banquet tickets.

Competition will begin for Truck Tech Competitors on Friday, May 17th with registration and a written test. Competitors will have educational sessions after the test.

Station competitions will begin the morning of Saturday, May 18. The competition schedule will depend greatly on how many technicians are registered to compete. Technicians should expect to get dirty during Saturday's competition and come prepared with proper attire (safety glasses, work gloves, etc).

An Awards Banquet will follow where station winners and the Tech Grand Champion will be announced. Grand Champion receives free entry to TMCSuperTech.

Registration information is available at www.witruck.org under the events tab. We're also looking for sponsors and volunteers to help showcase the great technicians we have in the state of Wisconsin. We hope to see you at this year's competition!

For more information on getting involved in WTTTC, volunteering, sponsoring or general inquires please contact Brian Paddock of Walmart Transportation.
