It focuses on the major regulatory areas scrutinized during a federal and state compliance intervention or review (audit) **These areas of focus will include:**

- Applicability of Federal and State safety regulations to intra and interstate motor carrier operations
- New hire driver's qualifications, requirements and obtaining driver MVRs
- Driver qualification files
- Drug and alcohol testing
- Hours of service (drivers' daily logs)
- Vehicle maintenance, inspection and documentation
- Accident record keeping
- FMCSA Pre-Employment Driver Screening Program (PSP)
- Overview of new regulatory changes including hours of service and electronic on-board recorders
- FMCSA Compliance, Safety and Accountability program (CSA)
- And a discussion on why and how to enhance your motor carrier safety program beyond regulations
