

1/2 Day Load Securement Seminar

November 8, 2018

12:30 p.m. - 4:00 p.m.

City Grill at Jefferson St. Inn
203 Jefferson Street - Wausau, WI

What you will learn:

- **WI Statute Chapter 348 – Load Securement Requirements**
Instruction on Wisconsin's load securement laws and requirements. Reference and discussion on the interpretive transportation order TR 307 which also guides Load Securement
- **WI Chapter Transportation Order 327 – Adoption of the Federal Motor Carrier Safety Regulation Part 393.** General and most of the commodity specific load securement requirements
- **Hazardous Material Regulations** – Adopted by Transportation Order 326 as it pertains to securement of hazardous materials. General securement requirements for any hazardous materials to include Materials of Trade (MOTS) common to most motor carriers yet many are unfamiliar with requirements

Presenter: **Mark Abrahamson – HNI**

Mark retired from the Wisconsin State Patrol in 2017. His extensive DOT experience has taught him an important lesson: drivers often don't realize the impact that their behavior has on the company they work for. He de-risks business by working directly with transportation leaders to develop a strategic vision, swarm the problems that stand in the way, and create a game plan that ensures success.

Agenda:
12:30 p.m. Registration
1:00 p.m. Seminar
4:00 p.m. End

Cost:
WMCA Members - \$70
Non-Members - \$90
